OCTOBER - DECEMBER

DIRECTOR'S MESSAGE...

Recent community input has overwhelmingly shown that Maitland residents desire more and better bicycle and pedestrian connectivity within our community. This is no surprise as numerous studies have shown that a similar trend exists nationwide. Biking in Maitland will soon be getting much easier with the forthcoming 2019 development projects of an off-road path spanning the length of Sandspur Rd. and the creation of a pedestrian bridge by FDOT over I-4. These facilities will join to existing bike facilities and other new segments that are being planned for the future. The result will be an extensive trail network throughout the community that will give residents a great way to enjoy the outdoors while getting some valuable exercise at the same time.

Check out the trail map in the back of this activity guide today and find your nearest bike route. If you have other questions or comments on biking in Maitland, please feel free to get in touch with me directly at 407-539-6264 or jconn@itsmymaitland.com. Enjoy your ride!
